Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The site identified above was recently reclassified on the Registry as a site that no longer presents a significant threat to public health and/or the environment (Class 4 – Site properly closed – requires continued management). See map on other side for the approximate location of the site.

Remediation at the site is complete. An Environmental Easement has been imposed on the property and the site will be managed in accordance with the approved Site Management Plan.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed below.
